

Lakes Lace Group, Inc.

Whether you are a lace maker, beginner lace maker, collector, or simply love lace, we are here for you!

Our members make and enjoy a variety of laces including, but not limited to:

Bobbin lace
Tatted lace

Knitted lace
Crocheted lace

Needle laces
and many more.

For over 40 years our members have enjoyed the benefits of meeting attendance (currently using Zoom meetings) with lace-themed programs, classes, newsletter, use of the extensive library, enjoying our collection of laces, lace identification opportunities, lace weekends, and demonstration opportunities. There are no geographical or skill level requirements, we only ask that you love lace and building lifelong friendships.
